

CASFM Northeast Region Presentation and Social

When: Tuesday, July 14, 2009

Who: All CASFM members

Feature: 4:15 PM presentation on Proprietary BMP Devices

Presenter: Chris Carlson, P.E., CFM - City of Loveland

Location: C.B. & Potts, Fort Collins - 1415 W. Elizabeth, 2nd floor

FOOD: Following the presentation, stick around for **free taco and nacho bar**, appetizers, and non-alcoholic beverages (cash bar for everything else).

Join your fellow CASFM members for an in-depth presentation on proprietary BMP devices. Chris Carlson, City of Loveland, will discuss his recent paper on these water quality features and provide guidance for evaluating devices against manufacturer claims. Chris will discuss design criteria, benefits, limitations, and select questions that will help design professionals and reviewers sort through these alternative devices.

As usual, to promote sustainable transportation practices, please consider carpooling, riding your bike, or walking to CB &. See you all on Monday the 15th at 4:15 PM. Questions; call Brian Varrella at 416-2217.
