

**What: ASCE Colorado Section, Environment and Water Resources
Technical Group Monthly Meeting**

**When: Thursday, October 15th, happy hour at 5:45pm, dinner at
6:30pm with technical presentation to follow, \$30**

Where: Crowne Plaza Hotel, 1450 Glenarm Place, Denver, CO

This month's presentation will be by **Holly Piza** with the **Urban Drainage and Flood Control District**. Holly will be discussing Volume 3 of the USDCM that is currently being revised. This presentation will include an overview of the goals and anticipated changes for the rewrite. The presentation will include highlights of post construction BMP revisions and a link to draft documents. Learn how proprietary BMPs will be addressed, what will be removed, and what will be added to the growing media of PLDs, and how geotextile fabrics can be reduced in permeable pavement sections. Please join us for Holly's presentation at the October meeting.

Ms. Piza came to the Urban Drainage and Flood Control District this year with 12 years of experience as a consulting engineer. She joined the Master Planning Program at the Urban Drainage and Flood Control District and is currently working on a rewrite of Volume 3 of the Urban Storm Drainage Criteria Manual which includes Best Management Practices (BMPs) for storm water quality.

To RSVP, contact Becky Roland at staff@coloradoasce.org or 303-551-3266. Please indicate the Technical Group session you plan to attend and include your first and last name.

Brian Murphy, P.E., P.H., C.F.M.
Water Resources Engineer
