

Job Posting for:

Assistant Engineer – Water Resources

Imagine a place where responsibility is shared equally among all employees. Where leaders are approachable, and the open-door policy is the rule. Where employees are tasked to be **innovative** and work with an **entrepreneurial spirit**.

Welcome to Olsson Associates. We see problems as an opportunity for creativity, and we are looking for problem solvers to join our dynamic team. Our firm is organized into **small teams** to give you a strong sense of accountability and to achieve great results. The dress is **business casual**, our unique work hours allow for **flexibility**, and we have a lot of fun.

YOU ARE INTERESTED IN:

- **Drainage design and planning**
- Hydrologic and hydraulic modeling
- Understanding how things get built
- Professional development
- Seeing your project evolve from initial concept through completed construction

YOU BRING TO THE TEAM:

- Passion for detailed work
- Strong communication skills
- Degree in **engineering**
- **EI certificate / EIT**
- 0-5 years of engineering experience
- AutoCAD Civil 3D designing and drafting experience
- Hydrologic and hydraulic modeling experience

ABOUT THE ROLE:

As an Assistant Engineer for the **Denver Water Resources Team**, you will be involved in a variety of projects that include the following tasks:

- Researching existing information and governing criteria
- Designing **open channels**, storm sewers, sanitary sewers, water lines, and detention/water quality ponds using AutoCAD Civil 3D, ArcGIS, and other software
- Supporting transportation projects, construction observation and administration
- Estimating quantities and costs of construction projects
- Watershed **hydrologic and hydraulic modeling** using HEC-RAS, HEC-HMS, CUHP, EPA SWMM
- Floodplain modeling / mapping, along with developing storm water **master plans** for watersheds
- Report writing, meetings, and presentations with clients

ABOUT US:

Olsson Associates is a nationally-recognized, employee-owned engineering and design firm that has been creating public and private projects throughout the United States. We've been around since 1956, and we offer comprehensive design and consulting services in site/civil, transportation, water, environmental, field operations, survey, and facilities.

With over 1,000 employees (and growing), 28 offices in seven states, and a lengthy list of diverse clients, we believe **you are our greatest asset** and the key to our success. We seek to hire great people and put them in the right roles for their strengths.

As an Olsson employee, you'll receive our **traditional benefits package** (health care, vision, dental, paid time off, etc.), plus these **great perks**:

- The opportunity to be an owner in the company after your first year through Olsson's ESOP program.
- A great 401(k) match
- A wellness program promoting healthy lifestyles
- A bonus system that rewards performance
