Invites Qualified Candidates to Apply For:

Stormwater Division Manager

The City of Loveland Public Works Department is pleased to announce its search for a Stormwater Division Manager. This is an exciting, challenging new position and division within Public Works, and will lead and bring together the City’s Stormwater Engineering, Capital Project, and Asset Management/Maintenance efforts. The goal of the position is to develop and lead a high functioning, highly coordinated work team that ensures a strategic and sustainable stormwater utility now and into the future.

This position reports to the Public Works Director and will lead a twenty member team of engineers, inspectors and maintenance crew that are responsible for planning, engineering, design, construction, maintenance and management of all City Stormwater utility infrastructure assets, projects and plans. The Stormwater Division manager is responsible for an annual capital and maintenance budget of $5.9 Million.

The Stormwater Division Manager will be responsible for coordinating all stormwater-related activities including:

- Stormwater Development Review
- Stormwater Capital Improvement Program
- Stormwater Master Plan Program
- Stormwater Quality Program
- Floodplain Administration
- Stormwater Maintenance Activities
- Flood Response and Training
- Stormwater Asset Data Collection
- Street Sweeping Program
- Spill Response
- Stormwater Maintenance Equipment Asset Management
- Snow Operations Support (Note: Snow Operations are under the direction of Street and Winter Operations Superintendent. This position will support Streets Division with staff and equipment resources as needed until such time as the snow event is over and cleared).

ABOUT LOVELAND

With a population of 74,000 within a 35 square miles area, Loveland has enjoyed a steady population growth of approximately 2 percent annually over many years. The community is located 46 miles north of downtown Denver on the I-25 Corridor. Nestled in a valley at the entrance to the Big Thompson Canyon with a short ride to Rocky Mountain National Park, Loveland is known as the “Sweetheart City.” Loveland’s education and income levels are above national averages and the community has received many awards and recognitions for its quality of life.

COMMUNITY GROWTH

Loveland is quickly growing into one of the major retail and financial centers of northern Colorado. Attractions include a retail lifestyle center with over 70 specialty shops and restaurants. Other areas of commerce and entertainment include the Budweiser Events Center and other nearby retail and hotel complexes. Also, the historic downtown Loveland has an eclectic selection of boutiques, shops, and galleries. The Rocky Mountain Center for Innovation and Technology project is expected to become a significant employer in the region.

EDUCATION

Loveland is served by the Thompson School District which is a leader in Colorado for K-12 education. There are many higher education schools near Loveland including the University of Colorado in Boulder, University of Northern Colorado in Greeley, and Colorado State University in Fort Collins. Front Range and Aims Community Colleges are other post-secondary education campuses in the area.

LEISURE & ENTERTAINMENT

With an average of 300 days of sunshine annually and low humidity, Loveland experiences pleasant weather year-round. There is always something happening in this community from musical concerts, art and sculpture shows, theater productions and professional hockey games and community celebrations.

Loveland offers a variety of both indoor and outdoor activities enjoyable for every season. Parks and recreation facilities in Loveland include 22 softball fields, 8 baseball fields, 3 inline hockey rinks, 2 skate park areas, 21 outdoor tennis courts, 10 outdoor basketball courts, swimming pools, 26 playgrounds, dog parks and over 5,000 acres of open space and natural areas. Additionally the community enjoys award winning golf courses and numerous hiking and biking trails.
