The conference targets the insurance industry and is expanding to include mapping and flood insurance. There is an opportunity for CASFM to participate in the 2007 conference by proctoring the CFM exam, conducting field trips, organizing a 5K run, or hosting a vendor booth. The consensus of those in attendance was to move forward with participating in the conference. People interested in helping with the conference should contact Kevin Houck.

**7) Open Channel Newsletter – Kevin Houck**

- a) 3000 copies of the newsletter were distributed to members and public agencies at no cost to CASFM. Comments received range from “very well done” to “too professional and ad oriented.” Based on a show of hands, the attendees would prefer to have one magazine and one self-published newsletter per year.
