

YOUNG MEMBERS GROUP

NEWSLETTER - Vol. 2 / Issue 1

Summer is upon us which means it's time to get out, enjoy the weather and network with all our great YMG-ers! We have a lot of events coming up so be sure to check out the Slack Channel and [website](#) and future newsletters for information on how to participate.

Since this time last year, we have added a lot of new members and have been expanding our social events and volunteer opportunities. Thank you to everyone who has contributed and participated. We couldn't do it without you!

For our new members, the CASFM YMG is dedicated to providing as much information as we can for upcoming social networking events, training opportunities, and community outreach.

Keep an eye out for future issues of the YMG Newsletter and as always, please let us know if there is anything you'd like to see included!

We hope you enjoy!

CASFM YMG TEAM

YMG Mission

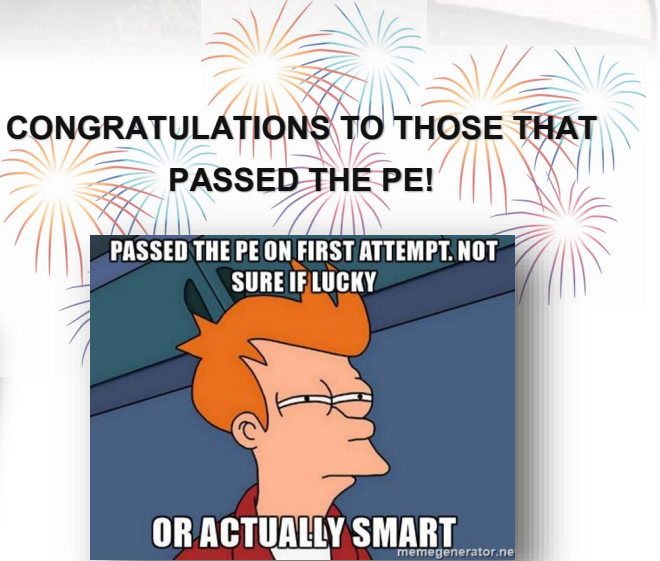

The CASFM Young Members Group is dedicated to creating a welcoming social environment that promotes the professional development and leadership of young professionals through networking and collaboration within the stormwater community by providing opportunities and information related to technical training, educational outreach and community service.

Weir Gulch - South Platte River Confluence

SINCE LAST TIME...

Thanks to all our members, we've had some great events recently!

UPCOMING EVENTS

As a CASFM YMG-er we are constantly trying to provide you with social networking, volunteering and community outreach opportunities, but we need your help. If you're passionate about volunteering or have a great networking event idea, let us know so we can help spread the word, improve our community and develop our professional network.

Geeks who Drink Trivia & YMG Happy Hour - Every month we get together to show off our trivia skills and (hopefully!) win prizes or get together for happy hour. In order to accommodate everyone, we change the location every month so make sure you're on the email notification list!

Paint Night - Our first paint night was a huge success and everyone had a great time so we're doing it again! Email notifications will be sent out once a date is set.

Field Trips - Do you have a project you'd like to show off? Or have suggestions on site visits to enhance our professional development? Let us know! As an engineer it's so important to get out of the office and see our designs in action. We will plan to host several field trips this summer so stay tuned for more information.

Summer BBQ's - Keep an eye out for dates and information. These will be very informal with the goal of making sure we're all getting out and soaking up some Vitamin D!

FEATURE EVENT!

JUNE 16TH - 6:40 PM

Join Us!

What could be better than a night out at the ball park?!

We will plan to meet downtown before the game and walk over as a group. Check out the recent email notifications for more details!

CAREER RESOURCES
