

# CASFM NE REGION SOCIAL

## *The Colorado Dam Safety Branch Turns Questions into Action*

Do you know the dams that are around you?  
How many dams sit above the communities where you live and work?  
How do dam spill waters and flood runoff impact normal dam operations?  
How do combined flows compare to the 100-year flood?

**The Colorado Dam Safety Branch developed a database to turn questions into action, and they want your feedback!**

Join the CASFM Northeast Region in welcoming the Colorado Dam Safety Branch as we explore these questions, eat free food, network with colleagues, and learn how this information could help inform, enhance, and improve your daily work as a CASFM member.

Food and non-alcoholic beverages will be provided courtesy of CASFM.  
Cash bar available for individual purchases.  
Earn 1.0 CECs toward your CFM!

**4:00 PM - 7:00 PM  
TUESDAY, SEPTEMBER 5, 2017**

*CB & Potts  
at the New Foothills Mall*

**195 E FOOTHILLS PKWY, FORT COLLINS, CO 80525**
