Call for Presentations & Workshops

CRESTED BUTTE CO

2019 Annual CASFM Conference
Crested Butte Mountain Resort
September 24-27, 2019

ABSTRACT DEADLINE: MAY 10TH, 2019
The Colorado Association of Stormwater & Floodplain Managers (CASFM) requests abstracts for presentations at the 30th Annual Conference in Crested Butte, CO, September 24-27, 2019. Presentations are typically 30 minutes in length; however, if you are interested in a longer presentation or would like to offer a workshop, please notify Sarah Houghland (her contact information is on the following page).

This conference provides an opportunity to network with stormwater and floodplain managers and mentor peers on new ideas, innovative project approaches, or lessons learned.

Presentations offer a way to instruct your fellow engineers, scientists, and community leaders on new techniques and interesting project lessons unique to the industry. The presentations should address current topics related to stormwater and floodplains.

Topics vary but may include:

- Stormwater Management
- Floodplain Management
- Water Quality Enhancement
- Stream Restoration
- Watershed Protection & Planning
- Emergency Preparedness
- New Drainage Criteria
- Innovative Techniques
- Technological Advances
- Hydrologic and Hydraulic Modeling
- GIS Applications
- Project Maintenance
- Low Impact Development (LID)
- Lessons Learned
- Project Updates

About Crested Butte & The Mountain Resort

Crested Butte is a beautiful mountain town located at nearly 9,000 feet above sea level and averages 220 inches of snowfall yearly. This beloved Colorado mountain town was incorporated in 1880 and found its beginnings in the coal mining industry. From a population of 400 to now over 1,500, Crested Butte has evolved into an outdoor haven with activities like skiing/boarding, hiking, ziplining, biking, snowmobiling, and many more.

For budgetary planning, we anticipate early conference registration to be $325. Conference registration will begin at the end of July. Hotel room rates start at $129 per night. If you have questions, please contact the hotel below.
Abstracts must be submitted online via the electronic submittal form here by May 10, 2019. Alternatively, please visit www.casfm.org/annual-conference to find the link for the web form. You will be notified by Friday, June 7th, 2019 if your abstract for a presentation or workshop is selected or if you have been included on the wait list.

The abstract selection process is competitive. Each year, we welcome double the number of abstracts as time slots available. Due to the level of competition, we will prioritize abstracts with compelling and descriptive content that offer innovative or unique ideas.

Please note that all presenters are required to be registered conference attendees. Current information on the conference will be posted on the conference page at www.casfm.org/annual-conference as it becomes available.

DEADLINE: FRIDAY – MAY 10TH, 2019

CONFERENCE ACTIVITIES

TUE 24
- Floodplain 101
- Afternoon Workshops

THUR 26
- Project Awards Presentations
- Technical Presentations
- Banquet Dinner

WED 25
- CFM Exam
- Keynote Speaker
- Technical Presentations

FRI 27
- Workshops
- Educational Field Trips
- Golf Tournament

* CEUs: A maximum of 12 CEUs can be obtained by attending conference seminars and workshops.
