The Engineer's Role in Section 404 Permitting

with
Mary Powell and KristiLee Halpin
Mile High Flood District

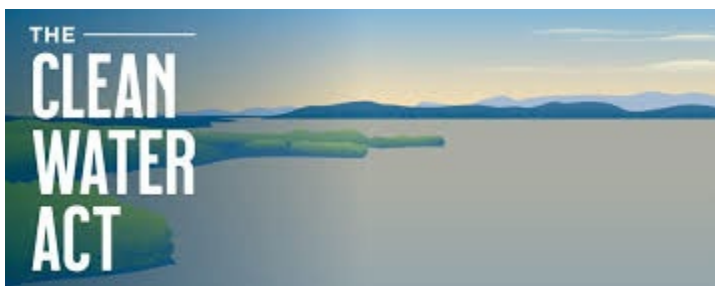

**US Army Corps
of Engineers**®

Do you know who plays a critical role in getting Section 404 authorization?? Engineers! (And other team members!)

Learn how to improve the support you provide to Environmental Compliance specialists and tame the permitting process.

Topics will include:

- Milestones during the project schedule
- Determining project purpose and need
- Avoidance and minimization
- Alternatives analysis
- Preparing figures for submittal to USACE
- How to speak "Regulator-ese"
- Environmental compliance tips
